*Study Guide and Procedure Checklist Manual for Kinn's The Clinical Medical Assistant - E-Book May 31 2021 Designed to support the trusted content in Kinn's The Clinical Medical Assistant, 15th Edition, this study guide is an essential review and practice companion to reinforce key concepts, encourage critical thinking, and help you apply medical assisting content. This robust companion guide offers a wide range of activities to strengthen your understanding of common clinical skills — including certification preparation questions, a review of medical terminology and anatomy, and application exercises. Trusted for more than 65 years as a key part of the journey from classroom to career, it also features competency checklists to accurately measure your progress and performance from day one until you land your first job as a medical assistant. Comprehensive coverage of all clinical procedures complies with accreditation requirements. Approximately 135 step-by-step procedure checklists enable you to assess and track your performance for every procedure included in the textbook. Chapter-by-chapter correlation with the textbook allows you to easily follow core textbook competencies. Matching and acronym activities reinforce your understanding of medical terminology, anatomy and physiology, and chapter vocabulary. Short-answer and fill-in-the-blank exercises strengthen your comprehension of key concepts. Multiple-choice questions help you prepare for classroom and board exams. Workplace application exercises promote critical thinking and job readiness before you enter practice. Internet exercises offer ideas for expanded and project-based learning. NEW! Content aligns to 2022 medical assisting educational competencies. NEW! Advanced Clinical Skills unit features three new chapters on IV therapy, radiology basics, and radiology positioning to support expanded medical assisting functions. NEW! Coverage of telemedicine, enhanced infection control related to COVID-19, and catheterization. NEW! Procedures address IV therapy, limited-scope radiography, applying a sling, and coaching for stool collection. EXPANDED! Information on physical medicine and rehabilitation. EXPANDED! Content on specimen collection, including wound swab, nasal, and nasopharyngeal collections.*

*Study Guide for Today's Medical Assistant - E-Book Jul 13 2022 Get unrivaled practice mastering all the concepts and skills necessary for success in today's*

*fast-paced medical office with the Study Guide for Today's Medical Assistant. Filled with assignment sheets, pre- and post-tests, vocabulary practice, short-answer review questions, critical thinking activities, competency practice, and evaluations for each chapter, this comprehensive study guide is the perfect hands-on resource to jump-start your medical assisting expertise. The 4th Edition features enhanced coverage of healthcare law, certification, electronic health records, motivational interviewing, office management, and more, as well as additional procedures to address behavior-based competencies and more EHR practice. Expanded application to SimChart for the Medical Office provides more realistic practice with EHRs. Consistent and meticulous coverage throughout all elements of the text and its learning package provide reliable content and unparalleled accuracy on the responsibilities of the modern medical assistant. Chapter pre-tests and post-tests enable you to easily gauge how much content you have mastered. Critical thinking activities encourage you to develop the judgment needed for real-life medical office situations. Laboratory assignments at the beginning of each chapter offer a guide on each chapter's procedures. Practice for Competency checklists for each procedure help you practice each of your clinical skills. Perforated pages offer on-the-go review and enable easy assignment submission. NEW! New content on healthcare trends and laws, certification for Medical Assistants, electronic health records, motivational interviewing, office management, and more ensures that you have the latest information needed to obtain employment and long-term success on the job. NEW! Competency evaluation for new procedures addresses affective (behavior-based) MAERB competencies to provide example-driven teaching and learning tools.*
