Joe Leaphorn, recently retired from the Navajo Tribal Police, believes the shooter and the skeleton are somehow connected and recalls a chilling puzzle he was previously unable to solve. Tony Hillerman Jun 17 2022 2022 Mystery Writers of America Edgar Award Finalist The author of eighteen spellbinding detective novels set on the Navajo Nation, Tony Hillerman simultaneously transformed a traditional genre and unlocked the mysteries of the Navajo culture to an audience of millions. His best-selling novels added Navajo Tribal Police detectives Joe Leaphorn and Jim Chee to the pantheon of American fictional detectives. Morris offers a balanced portrait of Hillerman's personal and professional life and provides a timely appreciation of his work. In intimate detail, Morris captures the author's early years in Depression-era Oklahoma; his near-death experience in World War II; his sixty-year marriage to Marie; his family life, including six children, five of them adopted; his work in the trenches of journalism; his affliction with PTSD and its connection to his enchantment with Navajo spirituality; and his ascension as one of America's best-known writers of mysteries. Further, Morris uncovers the almost accidental invention of Hillerman's iconic detective Joe Leaphorn and the circumstances that led to the addition of Jim Chee as his partner. Hillerman's novels were not without controversy. Morris examines the charges of cultural appropriation leveled at the author toward the end of his life. Yet, for many readers, including many Native Americans, Hillerman deserves critical acclaim for his knowledgeable and sensitive portrayal of Diné (Navajo) history, culture, and identity. At the time of Hillerman's death, more than 20 million copies of his books were in print, and his novels inspired Robert Redford to adapt several of them to film. In weaving together all the elements of Hillerman's life, Morris drew on the untapped collection of the author's papers, extensive archival research, interviews with friends, colleagues, and family, as well as travel in the Navajo Nation. Filled with never-before-told anecdotes and fresh insights, Tony Hillerman will thrill the author's fans and awaken new interest in his life and literary legacy.

Aesthetics and the Environment Aug 27 2020 Traditional aesthetics is often associated with the appreciation of art, Allen Carlson shows how much of our aesthetic experience does not encompass art but nature, in our response to sunsets, mountains or horizons or more mundane surroundings, like gardens or the view from our window. He argues that knowledge of what it is we are appreciating is essential to having an appropriate aesthetic experience and that scientific understanding of nature can enhance our appreciation of it, rather than denigrate it.

Thief of Time Jul 26 2020 'This is the best Pratchett I've read' Sunday Telegraph The Discworld is very much like our own - if our own were to consist of a flat planet balanced on the back of four elephants which stand on the back of a giant turtle, that is . . . But with the construction of the world's first truly accurate clock starts a race against, well, time begins for History monk for Lu Tze and his suspiciously talented apprentice Lobsang Ludd. The Blessing Way Aug 19 2022 Homicide is always an abomination, but there is something exceptionally disturbing about the victim discovered in a high lonely place, a corpse with a mouth full of sand, abandoned at a crime scene seemingly devoid of tracks or useful clues. Though it goes against his better judgment, Navajo Tribal Police Lieutenant Joe Leaphorn cannot help but suspect the hand of a supernatural killer. There is palpable evil in the air, and Leaphorn's pursuit of a Wolf-Witch is leading him where even the bravest men fear, on a chilling trail that winds perilously between mysticism and murder.

The Soldiers Oct 09 2021 In the days leading up to the Civil War, a bloody shootout between soldiers and renegades leaves twelve immigrants dead and a villainous outlaw named "Notch" Henderson still roaming the frontier. Original.

The Wailing Wind Aug 07 2021 To Officer Bernadette Manuelito, the man curled up on the truck seat was just another drunk -- which got Bernie in trouble for mishandling a crime scene -- which got Sergeant Jim Chee in trouble with the FBI -- which drew Lieutenant Joe Leaphorn out of retirement and back into the old "Golden Calf" homicide, a case he had hoped to forget. Nothing had seemed complicated about that earlier one. A con game had gone sour. A swindler had tried to sell wealthy old Wiley Denton the location of one of the West's multitude of legendary lost gold mines. Denton had shot the swindler, called the police, confessed the homicide, and done his short prison time. No mystery there. Except why did the rich man's bride vanish? The cynics said she was part of the swindle plot. She'd fled when it failed. But, alas, old Joe Leaphorn was a romantic. He believed in love, and thus the Golden Calf case still troubled him. Now, papers found in this new homicide case connect the victim to Denton and to the mythical Golden Calf Mine. The first Golden Calf victim had been there just hours before Denton killed him. And while Denton was killing him, four children trespassing among the rows of empty bunkers in the long-abandoned Wingate Ordnance Depot called in an odd report to the police. They had heard, in the wind wailing around the old buildings, what sounded like music and the cries of a woman. Bernie Manuelito uses her knowledge of Navajo country, its tribal traditions, and her friendship with a famous old medicine man to unravel the first knot of this puzzle, with Jim Chee putting aside his distaste of the FBI to help her. But the questions raised by this second Golden Calf

murder aren't answered until Leaphorn solves the puzzle left by the first one and discovers what the young trespassers heard in the wailing wind.

The Shape Shifter Mar 14 2022 Since his retirement from the Navajo Tribal Police, Joe Leaphorn has occasionally been enticed to return to work by former colleagues who seek his help when they need to solve a particularly puzzling crime. They ask because Leaphorn, aided by officers Jim Chee and Bernie Manuelito, always delivers. But this time the problem is with an old case of Joe's—his "last case," unsolved, is one that continues to haunt him. And with Chee and Bernie just back from their honeymoon, Leaphorn is pretty much on his own. The original case involved a priceless, one-of-a-kind Navajo rug supposedly destroyed in a fire. Suddenly, what looks like the same rug turns up in a magazine spread. And the man who brings the photo to Leaphorn's attention has gone missing. Leaphorn must pick up the threads of a crime he'd thought impossible to untangle. Not only has the passage of time obscured the details, but it also appears that there's a murderer still on the loose. New York Times bestselling author Tony Hillerman is at the top of his form in this atmospheric and riveting novel set amid the rugged beauty of his beloved Southwest.
