As Gwendolyn struggles to regain consciousness, she desperately retraces her memories, trying to uncover the moment that led to this shocking act. Was it their aunt's mysterious death at sea? **The largely Arabo-centric approach to the academic study of tafsir has resulted in a lack of literature exploring the diversity of Qur'anic interpretation in other areas of the Muslim-majority world. The essays in *The Qur'an in the Malay-Indonesian World* resolve this, aiming to expand our knowledge of tafsir and its history in the Malay-Indonesian world. Highlighting the scope of Qur'anic interpretation in the Malay world in its various vernaculars, it also contextualizes this work to reveal its place as part of the wider Islamic world, especially through**

**Muslim Sectarianism versus the De-escalation of Sectarianism in Malaysia Dec 20 2022** In 1992, a group of academics at the National University of Malaysia (UKM) organized a seminar titled “Seminar Ahli Sunnah dan Syiah Imamiyyah” (“Seminar on Ahl al-Sunnah and Imami Shi’ism”) in Kuala Lumpur. It aimed to demonize Shi’a Muslims and ban Shi’ism, effectively escalating sectarianism in Muslim society. A Deobandi presenter at the seminar by the name of Muhammad Asri Yusoff put forth arguments about Shi’ism, which later became the “intellectual base” for the discrimination and repression of Shi’a Muslims by Islamic authorities in Malaysia. This repression continues till the present day, and other religious leaders—particularly those with a Salafi orientation—take part in this. While much attention has

been given to those who have escalated sectarianism, there have also been efforts to de-escalate sectarianism. These efforts come from groups such as Persatuan Ulama Malaysia, and individuals such as Abdul Hadi Awang of PAS, former Prime Minister Mahathir Mohamad, the leader of International Movement for a Just World, Chandra Muzaffar, as well as Malaysian academic, Syed Farid Alatas. Nevertheless, the roots of sectarianism have been deeply laid since the seminar in 1992. Unsurprisingly, the sectarian campaign against Shi'as is aligned with the agenda of extremist and terrorist organizations such as ISIS. The sectarian campaign thus arguably emboldens such groups and puts Malaysia and the entire Southeast Asia at risk.

***Definitions Of Indefinable Things Aug 16 2022* Reggie isn't really a romantic: she's been hurt too often, and doesn't let people in as a rule. Plus, when you're dealing with the Three Stages of Depression, it's hard to feel warm and fuzzy. When Reggie meets Snake, though, he doesn't give her much of a choice. Snake has a neck tattoo, a Twizzler habit, and a fair share of arrogance, but he's funny, charming, and interested in Reggie. Snake also has an ex-girlfriend who's seven months pregnant. Good thing**

***Islam and Popular Culture in Indonesia and Malaysia* Mar 19 2020 Home to approximately one-fifth of the world's Muslim population, Indonesia and Malaysia are often overlooked or misrepresented in media discourses about Islam. Islam is a religion but there is also a popular culture, or popular cultures of Islam that are mass mediated, commercialized, pleasure-filled, humorous, and representative of large segments of society. During the last forty years, popular forms of Islam, targeted largely towards urbanized youth, have played a key role in the Islamisation of Indonesia and Malaysia. This book focuses on these forms and the accompanying practices of production, circulation, marketing, and consumption of Islam. Dispelling the notion that Islam is monolithic, militaristic, and primarily Middle Eastern, the book emphasizes its dynamic, contested, and performative nature in contemporary South East Asia. Written by leading scholars alongside media figures, such as Rhoma Irama and Ishadi SK, the case studies although not focused on theology per se, illuminate how Muslims (and non-Muslims) in Indonesia and Malaysia make sense of their lives within an increasingly pervasive culture of Islamic images, texts, film, songs, and narratives.**

**The Language Revolution Aug 04 2021** We are living through the consequences of a linguistic revolution. Dramatic linguistic change has left us at the beginning of a new era in the evolution of human language, with repercussions for many individual languages. In this book, David Crystal, one of the world's authorities on language, brings together for the first time the three major trends which he argues have fundamentally altered the world's linguistic ecology: first, the emergence of English as the world's first truly global language; second, the crisis facing huge numbers of languages which are currently endangered or dying; and, third, the radical effect on language of the arrival of Internet technology. Examining the interrelationships between these topics, Crystal encounters a vision of a linguistic future which is radically different from what has existed in the past, and which will make us revise many cherished concepts relating to the way we think about and work with languages. Everyone is affected by this linguistic revolution. **The Language Revolution** will be essential reading for anyone interested in language and communication in the twenty-first century.

**The Islamic Jesus Apr 19 2020 “A welcome expansion of the fragile territory known as common ground.” —The New York Times When Reza Aslan’s bestseller *Zealot* came out in 2013, there was criticism that he hadn’t addressed his Muslim faith while writing the origin story of Christianity.**

**In fact, Ross Douthat of The New York Times wrote that “if Aslan had actually written in defense of the Islamic view of Jesus, that would have been something provocative and new.” Mustafa Akyol’s The Islamic Jesus is that book. The Islamic Jesus reveals startling new truths about Islam in the context of the first Muslims and the early origins of Christianity. Muslims and the first Christians—the Jewish followers of Jesus—saw Jesus as not divine but rather as a prophet and human Messiah and that salvation comes from faith and good works, not merely as faith, as Christians would later emphasize. What Akyol seeks to reveal are how these core beliefs of Jewish Christianity, which got lost in history as a heresy, emerged in a new religion born in 7th Arabia: Islam. Akyol exposes this extraordinary historical connection between Judaism, Jewish Christianity and Islam—a major mystery unexplored by academia. From Jesus’ Jewish followers to the Nazarenes and Ebionites to the Qu’ran’s stories of Mary and Jesus, The Islamic Jesus will reveal links between religions that seem so contrary today. It will also call on Muslims to discover their own Jesus, at a time when they are troubled by their own Pharisees and Zealots.**
