A look at the supercharged life of American drug smuggler Zachary Swan. "An extremely rare cut of dry wit, poetry, rock-hard fact and relentless insight" (Rolling Stone). Robbert Sabbag's Snowblind, the true story of an American smuggler whose intricate, ingenious scams made him a legendary figure in the cocaine world of the late sixties and early seventies, is a modern classic. In this "witty, intelligent, fiercely stylish, drug-induced exemplary tale" (Los Angeles Times), Sabbag masterfully traces Zachary Swan's Roman-candle career, from his first forays into smuggling marijuana to his jaunts to Colombia to buy pure cocaine, and his ever more elaborate plans to outwit the police and customs officials. Updated by the author, this captivating portrait of a dashing antihero and enthralling look at a turbulent age is sure to reach a new generation of readers. "A flat-out ball buster. It moves like a threshing machine with a fuel tank of ether." —Hunter S. Thompson Michael and Jillian Danský seemed to have it all—a happy marriage, two successful careers, a bright future. But late one October evening, all that changed. Driving home from a Halloween masquerade, Michael momentarily nods off behind the wheel—and wakes to find nothing is the same. Standing by his car is the little girl he came within a breath of running down. She leads Michael to her "home,"

an empty house haunted by whispers, and sends him away with a haunting whisper of her own: "come find me." But in the weeks to follow, it's clear that someone—or some thing—doesn't want Michael to find her: ominous figures in grey coats with misshapen faces are following him everywhere. And then Jillian wakes one morning replaced by a cold, cruel, vindictive woman Michael hardly recognizes as his wife. Michael must now search not only for the lost girl, but for a way to find the Jillian he's always loved, and to do so he must return to where the nightmare began. Down an isolated lane where he'll find them, or die trying. From the Trade Paperback edition. "A wonderful, wild ride." —Michael Koryta, New York Times Bestselling author of *How It Happened* and *If She Wakes* From the New York Times bestselling and Bram Stoker Award-winning author comes the sensational new novel that turns ancient lore into a modern-day horror. In one variation on the myth of Pandora's Box, there were two jars, one for Pandora and one for her sister. One contained blessings of the gods, the other all the world's curses...

Archaeologist Sophie Durand has spent her life studying ancient mythology and languages. Years of work have led her to the greatest discovery of her career, a subterranean city deep in the heart of Northern Iraq. When Sophie's team uncovers a secret chamber whose walls are covered in cuneiform, along with a warning from Alexander the Great, history and mythology begin to merge. The writings confirm the Pandora tale of two jars, but the chamber guards only one. It's a find that could make history, or start a war. Weird-science expert Ben Walker is called in as the mystery grows ugly. Those who believe the myth want to know which jar was found, the one containing blessings or the one full of curses. Governments rush to lay claim, but jihadi forces aren't waiting for the dust to settle. Whatever the jars contain, they want it, no matter the cost. For Sophie, Walker, and the others, the Pandora Room may soon become their tomb. In a novel that breathes new life into the supernatural thriller, Christopher Golden's pulse-pounding tale is not to be missed. **RESURRECTION!** The hungry dead have risen. When chaos erupts in the small coastal town of Hawthorne, Massachusetts, former vampire-turned-mage Peter Octavian and earthwitch Keomany Shaw arrive to investigate. Years ago, Octavian helped expose the secret existence of vampires to the world, dismantling the Vatican's sorcery corps in order to save his fellow shadows from destruction. But without the Vatican sorcerers, the magical barriers they spent centuries constructing to keep the forces of darkness out of our world are beginning to fail, and things are slipping through. Now an ancient god of chaos is awakening in Hawthorne, its influence spreading...and it's Octavian's fault. If he can't stop it, the blood of all humankind will be on his hands. The world knows Jack London as a writer who lived his own thrilling, real-life adventures. But there are parts of his life that have remained hidden for many years, things even he couldn't set down in writing. Terrifying, mysterious, bizarre, and magical—these are the Secret Journeys of Jack London. We meet Jack at age seventeen, following thousands of men and women into the Yukon Territory in search of gold. For Jack, the journey holds the promise of another kind of fortune: challenge and adventure. But what he finds in the wild north is something far more sinister than he could have ever imagined: kidnapping and slavery, the murderous nature of desperate men, and, amidst it all, supernatural beasts of the wilderness that prey upon the weakness in men's hearts. Jack's survival will depend on his ability to quell the demons within himself as much as those without. Acclaimed authors Christopher Golden and Tim Lebbon, along with illustrator Greg Ruth, have crafted a masterful tale both classic and contemporary, a gripping original story of the paranormal in the tradition of the great Jack London. He soon learns that one of his buddies had died several years back—even though Will had received an e-mail from him only a few days before. It is not long before other people Will was convinced were alive are turning out to be dead as well—or married to other people, or childless where they used to have children. And new memories are swarming in to replace what Will is convinced was his old life, until he no longer knows what is real and what is not. An American documentarian travels a haunted highway across the frozen tundra of Siberia in New York Times bestselling author Christopher Golden's *Road of Bones*, a "tightly wound, atmospheric, and creepy as hell" (Stephen King) supernatural thriller. Surrounded by barren trees in a snow-covered wilderness with a dim, dusky sky forever overhead, Siberia's Kolyma Highway is 1200 miles of gravel packed permafrost within driving distance of the Arctic Circle. A narrow path where drivers face such challenging conditions as icy surfaces, limited visibility, and an average temperature of sixty degrees below zero, fatal car accidents are common. But motorists are not the only victims of the highway. Known as the Road of Bones, it is a massive graveyard for the former Soviet Union's gulag prisoners. Hundreds of thousands of people worked to death and left where their bodies fell, consumed by the frozen elements and plowed beneath the permafrost road. Fascinated by the history, documentary producer Felix "Teig" Teigland is in Russia to drive the highway, envisioning a new series capturing Life and Death on the Road of Bones with a ride to the town of Akhust, "the coldest place on Earth", collecting ghost stories and local legends along the way. Only, when Teig and his team reach their destination, they find an abandoned town, save one catatonic nine-year-old girl—and a pack of predatory wolves, faster and smarter than any wild animals should be. Pursued by the otherworldly beasts, Teig's companions confront even more uncanny and inexplicable phenomena along the Road of Bones, as if the ghosts of Stalin's victims were haunting them. It is a harrowing journey that will push Teig beyond endurance and force him to confront the sins of his past.
