The Chosen: a prophecy older than dirt and more dangerous than death. Even as they perfected steam-powered gadgetry and rounded up varmints from Hell, the Jackson brothers didn't believe in it. But when the chips are down, three brothers named for weapons aren't going out without a fight. . . A Walk On The Wild Side Attorney by day, demon-hunter by night, Remington Jackson is used to being on the sunny side of the law, even in the Wild West. But it's showdown time, and Remy and his brothers are getting desperate. They don't have the relic they need to slam the door shut on evil--so Remy is

going to have to find and steal part of it. Enter China McGee, shapeshifter, thief, beauty, and current prisoner. When Remy offers her freedom in exchange for a little light-fingered help, she's pretty sure she's going to end the association with a good old-fashioned seductive double cross. But there's something about fighting through a jungle full of Mayan ruins that makes you want to settle down together. China could change. Remy might be special. But none of that matters if the devil takes them all. . . "Meyers is a genuine, fresh voice in the paranormal romance genre." --RT BookReviews on The Slayer "Meyers puts the steam in steampunk." --Cherry Adair Halfway to dawn: "Amid a supernatural war between the races, can Fiona, captain of the human special forces, and Kain, a compelling fugitive from the vampire army, risk working together to attain peace on earth?"--Publisher. They're the Chosen--Winchester, Remington and Colt--brothers trained to hunt down supernatural beings using the latest steam-powered gadgetry. It's a hard legacy to shoulder, and it's about to get a lot more dangerous. . . A Devil Of A Job Colt Jackson has gotten his name on many a wanted poster with success in the family business: hunting supernaturals across the frontier. Lately, though, there's a sulfur stink in the wind and the Darkin population is exploding. A rift in the worlds is appearing. To close it, Colt will have to do the unthinkable and work with a demon to pass arcane boundaries no human alone can cross. Except when he summons his demon, he doesn't get some horned monstrosity: he gets a curvy redheaded succubus named

Lilly, who's willing to make a bargain to become human again. He also gets Lilly's secret expertise on the machinations on the dark side of the rift. And her charm and cleverness help to get them out of what his silver-loaded pistol and mechanical horse can't. Of course, when all hell breaks loose, he might have to sacrifice his soul. But what's adventure without a little risk? "Meyers puts the steam in steampunk." --Cherry Adair Jan Martense Van Alstyne (ca.1623-ca.1698) emigrated from Holland to New Amsterdam, New York during or before 1655, married Dirckje Harmense, and moved to Albany, New York about 1689. Widower Reece Wallace believed his life was over when a drunk driver killed his wife and daughter. So when he learns of the baby switch, he sees this child as his ultimate salvation. Twice a

widow and now suspected of witchcraft, Sorcha MacIver must find a man who can overcome the curse that haunts her—or burn at the stake at the hands of her own clan.
